### Learn • Play • Do

Wouldn't it be great if you could design your own summer camp experience? You can at Camp Create-a-Summer! Children in preschool-grade 8 can attend three two-week sessions from June 28-August 6 with a special Lego Camp Week from August 9-13.

Based on the beautiful Buena Vista campus of the Solomon Schechter Day School of Greater Hartford, Camp Create-a-Summer offer a uniquely personalized camp experience. Do your interests revolve around the creative or performing arts? Sports? Technology? Are you looking for a place where you can sharpen your athletic skills with a professional coach? Explore new media and create a portfolio with seasoned artists? Take a new instrument or perhaps jam with a rock band? You can! Are you looking for a unique summer experience where your ideas take center stage? There's a camp for that!

The **Preschool Program** is available for children ages 3 and 4 and offers a choice between a full-day or half-day option. Little ones can play, learn and socialize with their friends, and enjoy nature walks, arts and crafts, sports, music and speciality days.

In the **Upper Camp** for children K-grade 8, campers will spend each session creating their summer by choosing up to four activities focusing on building skills in these particular areas. The Middle School program pairs campers with professional musicians, artists and coaches. Athletes will hone their skills and acquire new ones; aspiring artists will create a portfolio of artwork using traditional and computer assisted media; burgeoning fashion designers will design and create clothing; and inspired musicians will study with a seasoned professional, perform in a band and participate in an original recording. *Camp Create-a-Summer...Your Camp. Your way!*
