Catch the Playland Spirit — Let's do it again in 2010! #1 for Summer Fun. With campuses in New Canaan and Redding, Camp Playland offers a rewarding, summer day camp experience with an "away camp" atmosphere.

Founded in 1957, Camp Playland is family owned and operated. Our programs provide children ages 3 to 12 with a healthy, fun-filled, and instructional summer.

Situated on beautifully wooded campuses, our facilities feature heated pools, ballfields, archery range, multi-purpose court areas for basketball and other sports, low ropes course, picnic pavilion, areas for arts and crafts, music, drama, nature, playgrounds and more.

Groups of 16 to 20 campers, led by a senior counselor and junior counselors, rotate through several daily activities that are programmed and taught by specialists who are experts in their areas. Staff members are selected for their maturity, ability, experience, and — most importantly — their sincere love of children. Counselors return year after year, further strengthening the Camp Playland "family" bond.

Campers are transported to and from camp by school bus or van. Camp counselors ride with the campers ensuring a safe ride. Our camps are licensed and inspected annually by the State of Connecticut.

Visit our website or call for information and to arrange a tour.
