Make movies instead of watching them this summer! IncrediFlix is bringing the Hollywood movie-making experience to you. Filmmakers will go through the whole movie-making process in IncrediFlix camps, from brainstorming and learning story structure to storyboarding and how to work together. In animation camps, animators will create characters, backgrounds, film and record voice-overs. In live-action filmmaking camp, students will work as a film crew, act in the movie and learn filmmaking techniques. And, after the camps end, a professionally edited copy of the movies will be passed on to every student for memories that will last a lifetime! Campers, ages 7-13, may choose one (or more) of the week-long camps.

Live Action Camps:

Live Action Flix: Students will be guided through “action” to “that’s a wrap” in a collaborative movie that will be fun for the entire audience.

Star Wars® Live Action Flix: Use the Force to write, direct, film, and star in your very own movie based on Star Wars!

Stop Motion Camps:

Animation Flix: Use a new style of stop-motion each day. It’s the ultimate arts and crafts camp where students create, direct and film their movie in age-appropriate groups.

LEGO® Flix: Students create a LEGO set, with LEGO characters for a movie they write, shoot and add voice-overs.

Minecraft® Flix: The popular video game is turned into an exciting Minecraft world made out of paper. Bring Steve, the creepers, animals and more to life.

Star Wars Stop Motion Flix: Create your very own Star Wars characters and bring them to life.

Stop Motion Tricks & Effects: Ever wonder how they do that cool effect? - We can teach you! In this program we pull back the curtain and reveal how stop-motion movie magic is made as kids will learn how to create special effects.
