In addition to the State of Connecticut approved private special education program held during the school year, Ben Bronz Academy and The Learning Incentive host a variety of non-state approved programs designed to help children and adults break through barriers that block the learning process. Included are several options that can help continue student progress over the summer:

**Cyber LaunchPad** - A program for students in grades 2-6 offering remedial work on basic skills via computers and small group instruction taught by certified special education teachers.

**Summer Study Skill** - A concentrated program for middle school, high school, and college students. For any student who wants to improve his or her study skills.

**Summer Private Tutoring** - Sessions offered in reading, comprehension, math, writing, and more, in 1 hour afternoon sessions. Preview material and concepts that will be presented in the upcoming school year. Additional hour of independent study available when appropriate.

Programs run from Monday, July 3 through Friday, July 28, 2017

- Cyber LaunchPad: 8:30 to 12:30
- Summer Study Skills: 9:00 to 12:00
- Summer Private Tutoring: Hours vary
