## 8 weeks. 35 awesome programs. What will you discover?

Because Summer is for exploration! Kids from Kindergarten to Grade 9 revel in interactive STEM learning adventures that explore a wide array of topics.

Super Hero Science. Wild World. Flight School. Just Like Magic. Spy Lab. Robotics 101... Fuel your child's wild curiosity and innate creativity with amazing new Summer Programs at Discovery Museum!

An extra week of science fun for kids entering Kindergarten and 1st Grade. Extended day available for 5:30 pickup. Plus deep Member discounts and savings on multiple bookings.

Plus, Scout Badge Programs and Overnights, our giant 3-D Science on a Sphere, daily Planetarium Shows, and a mock space station and mission control simulation experience for School Groups, Birthday Parties, and Team Building in our Challenger Center ... all at Discovery Museum!

Open 7 days a week July–September; visit [www.discoverymuseum.org](http://www.discoverymuseum.org) for special events, regular hours and more info.
