The Independent Day School Summer Program, entering its twenty-fourth year, provides your children enriching and creative experiences. Based on the IDS Centers of Excellence including, Design Thinking & Digital Arts, Visual & Performing Arts, Environmental Literacy, and Global Citizenship, our courses are not only fun, they're educational. Summer Explorers serves children ages 3-6, Summer Academy serves children ages 6-13, and our Summer Theater Programs are available to children in grades 2 through 12.

With small class sizes, our campers are able to receive personalized attention and support while they explore and create. Our faculty is comprised of IDS teachers, educators from other schools, and experts in their field of study who come with an understanding of child development. Our staff works to create an environment fertile for learning, building friendships, and creating lasting memories.

Campers may enroll in Summer at IDS for one to six weeks. Theater programs run in three week blocks. We offer a full camp day from 8:30 a.m.-3:30 p.m. Before and after camp care are also available.

Visit us online at www.independentdayschool.org/summer-programs for additional details and to register your child for an extraordinary summer experience at IDS.
