Customize your child's camp experience this summer to best suit their academic and athletic interests. Choose from soccer, martial arts, science, programming, chess, parkour, art, and other activities led by local sporting and academic experts such as Kung Fu Master Matt Lapidus, Travis Sluss from MacInspires, and Chess Grandmaster Adnan Kobas.

Whitby will offer half- and full-day coed camp options for students in Grades 1-6. Enroll your child(ren) in one or all four weeklong sessions, beginning June 25, July 9, July 16, and July 23. A guaranteed low instructor-to-camper ratio will maximize contact time and effective instruction. All camp activities will be held on Whitby's 30 acre secluded and secure campus in Greenwich, located just off the Merritt Parkway.

Whitby will also continue to host its popular half-day Montessori Children's House Camp. This program is open to children ages 18 months to 5 years, with two trained teachers and one teaching assistant per camp group. Children will have fun exploring nature, dance and movement, playing outdoors, and as they get older will participate in science activities, nature studies and literature.

Whitby School was founded in 1958 and led a Montessori revival in the United States. The school has been pioneering student-centered education since its inception, and played a significant role in founding the American Montessori Society. In 2009 Whitby became the first school in the world to combine International Baccalaureate and Montessori in an early childhood program. Sixty years after its founding, Whitby's community continues to celebrate open minds, big ideas, and infinite possibilities.
