www.incarnationcamp.org

Established as Incarnation Camp in 1886, our historic roots and strong alumni support enable us to offer the best in summer camping at half the cost of comparable sleep away programs. The American Camping Association also accredits us. Campers choose the layout of their day from a roster of activities, which include field and court sports, fine arts and crafting, performance arts, waterfront (canoe, sail, waterslide, etc.), outdoor adventure, and more! All campers receive swim and boating instruction every day in our mile-long, crystal clear, private lake, which is the heart of our 740 acre forested site.

We believe that children should have the time to enjoy being kids. We believe in imagination, sleeping under the stars, getting dirt under your nails, friendship, cooking over a campfire, having an Harry Potter or Jurassic Park themed day, playing ball, molding clay, friendships, fishing, sliding down a water slide, canoeing, caring for our camp farm animals and all the fun little details that make up an awesome childhood summertime!

Pioneer Village for Teens, located across our lake, is a 4, 6, or 8 week program where campers have the opportunity to explore beautiful New England on hike, bike, and canoe trips.

You can find out more about our camps at www.incarnationcamp.org or call 860-767-0848.
