Engage in the transformative power of dance at the Connecticut Dance School and open up to a world of infinite depth and creative expression.

Connecticut Dance School offers classes for pre-school children through adults, starting with Creative & Pre-Primary levels for ages 3 – 7. Classical ballet training begins with Ballet 1 (age 8), when students attend two classes per week. Ballet levels 2, 3, 4, 5 and 6 follow. More classes are required at each successive level. Pointe work is introduced during Ballet level 4, after students have achieved sufficient levels of technique and strength. Modern & Jazz are offered as supplements to ballet training.

Summer programs offer classes in multiple disciplines, including Flamenco, Jazz, Modern, Musical Theater, character, choreography, partnering, Pilates and yoga. Adult ballet classes are offered throughout the year.

The school is focused on and dedicated to a passion for ballet, commitment to excellence and artistry in all aspects of the dance.
