

NEW HAVEN BALLET

70 Audubon Street, New Haven

203-782-9038

www.newhavenballet.org

Now in its 31st year, New Haven Ballet provides classical ballet training and dance education. Programs are available for students 3 and up, in addition to adult/teen classes for students ages 12+.

The Children's and Student Divisions feature a graded curriculum in ballet and pointe. Other types of dance in the curriculum include modern, jazz, tap and contemporary. The Open Division for adults and teens 12+ offers a variety of classes for beginners and experienced dancers alike.

The mission of New Haven Ballet is to enable students to demonstrate and use the power of dance to change the life of every person in the community through education, performance, physical exercise, artistic aspiration, personal development and social interaction to the fullest of their potential.

New Haven Ballet is committed to helping students, whether they plan a professional career in dance or enjoy dancing recreationally. The life skills acquired by students can take them far beyond the studio and stage, and help them through the performance of life.
