Class Act Studios is Westchester's most sought after professional school for dramatic instruction, and has been since 1989. We are pleased to have been successfully preparing young actors and adults for roles in both TV commercials, film and sitcoms for the past two decades.

Whether you are searching for a place to have fun with acting, or perhaps you want to take it to that next level and learn how to train for a career in TV and film, the staff at Class Act Studios is here to help. Our instructors are industry pros that will teach any child, teen or adult how to get that breakthrough job.

Advertisers use real people just like you and now, more than ever, are trying to target all audiences — every race and ethnic group in America. Now, just about anyone can be a “type” for TV commercials, movies or theater! That's the easy part. The difficulty lies in knowing how to go about getting the job. That's what you'll learn from Class Act. Although this is one of the toughest businesses to be in, it is also one of the most exhilarating and rewarding!

The classes for children offer a non-competitive approach to acting with lots of on-camera technique. Parents are always invited to watch the playbacks. Come and see how your child has improved and gained confidence in each class. Professional kids' classes are also available.

Teens can have fun with acting while making new friends and learning how to “sparkle” on television. Fabulous classes at all levels are offered with an emphasis on what the pros know and how to learn the tricks of the trade.
