Cooking is a great way for the entire family to have fun while spending time together. If you're looking for something different to do with your children, try Kids 'r' Cookin classes or a cooking party. Cooking together helps open the door to communication. Do you have a finicky eater? These classes will teach them variety. If they cook it...they may eat it!

Kids love to cook, so why not have a Kids 'r' Cookin birthday party where the birthday girls and boys cook up fun? Children love these parties, from three-year-olds to 12-year-olds. Kids 'r' Cookin will help you plan and customize a special, memorable party just for your child.

Kids 'r' Cookin also offers cooking classes for children ages two and up, and summer camp for children ages eight and up. Does your school offer after-school programs? We would love to offer our cooking classes at your school. We are also available to come to preschools, play groups, scout groups or any children's events.

Children will mix, stir and whip up delicious, healthy meals, snacks and decadent desserts. Through the programs, children learn lifelong kitchen skills and the fundamentals of healthy eating. Young chefs are taught food and kitchen safety; utensil use, cooking techniques, following recipe directions and measuring ingredients; healthy meal planning; and international foods, desserts, baking and snacks. Recipes include stuffed french toast, egg rolls, meatballs, chocolate mousse and much more.

Kids 'r' Cookin offers seasonal class schedules with various locations as well.
