

GEMS & MINERALS ROCK!!

GEMS ROCK® Mineral Adventure

800-411-3466

www.DinosaursRock.com

Experience the new scientific world of dazzling wonder from DINOSAURS ROCK: **GEMS ROCK® Mineral Adventure**. Parties include a museum-quality exhibit, educational/entertaining show and hands-on activities with lots of genuine gems for birthday child guests to take home.

A glittering array of dozens of colorful rocks, minerals & gemstones arrives. Awesome amethyst towers, giant quartz specimens, mega-sized geodes from around the globe — the backdrop to a fun-filled show, presented by expert instructors.

Audience participation abounds. Learn (and see & touch) not only about their beauty, but how almost everything in everyday life comes from rocks! Witness fascinating demonstrations of “magical” rocks like fluorescents, magnetic rock, and mysterious “X-Ray Rock™.”

Kids learn best by DO-ing, so GEMS ROCK parties include Panning for Gems (discover & keep real rubies, emeralds and amethyst), Geode Opening, Jewelry-Making/Crafts, Amber Discovery and more. PTA Moms: consider Gemstone Mining with a 25-foot rushing water sluice or Mineral & “Diamond” Excavations for school assemblies or fundraisers. Visit DinosaursRockSuperstore.com for unique gifts and party supplies.
