Joby & Socks combine the husband and wife clowning talents of Joe & Claudia Boerst. 2009 marks their 20 year anniversary of entertaining children of all ages for all kinds of events: birthday or holiday parties, schools, pre-schools, company picnics and parties, restaurants, grand openings, business promotions, balloon deliveries. . .whatever and wherever!

What's unique about their parties is that two activities can take place simultaneously during your event. For example, Joby makes balloon animals while Socks paints hands/faces of the young guests. They also include a colorful and fun magic show for the kids. Karaoke, theme parties, cookie decorating, crafts and more are also available.

As the KaraLot Clowns, they clown in hospitals and nursing homes, as well as train "caring clowns" for healthcare programs. They've even developed a well-loved presentation for people who want to add something different, yet spiritual at memorial services.

Let them add some joy to your special occasion and put more FUN in your FUNction! Joby & Socks are available seven days a week.
