Billy and Friends is a children's entertainment company that began nearly 5 years ago with only Billy the Clown (who has been entertaining for over 15 years). Billy and Friends has grown to incorporate a multitude of characters and personalities that provide entertainment for all types of events — from hospitals to festivals and even weddings!

Each experience with Billy and Friends has the same purpose: to provide a fun and heartfelt experience to each and every child. Our clowns range from the really silly (a gorilla in a pink tutu), to the somewhat elegant (Prince William), to the hard to explain (Inspector Larry Silver), all the way to the sweet and sincere (Jammie the Gentle Clown). We offer a variety of activities for children that includes face painting, magic shows, group activities, balloon artistry and more.

At Billy and Friends we just like to have a good time and be silly. So have all the fun you can muster and we'll bring the hot dogs (even if they are made from balloons)!
