Why hire Tony The Magic Man?

I have been a veteran of the performing arts for over 20 years. As a member of the Society of American Magicians. I have performed as a magician, clown, jester, pantomime, and during the winter holidays an elf.

I have been featured in the Hartford Courant, News/times local-state, and Waterbury Republican.

I have crafted a combination of humor and magic into an interactive performance that is entertaining for all ages. I am available for birthday parties (adult and children), festivals, and fairs. I dazzle my audience with magic and 50 plus balloon sculptures. My goal is to make the celebration not only a successful event, but fun and memorable for both children and adults.
