**Billy & Friends** is primarily a children's entertainment company that began in 2002 with Billy the Clown (who has been entertaining for over 15 years). Billy & Friends has grown to incorporate a multitude of characters and personalities that provide entertainment for all ages and all types of events — from hospitals to festivals and even weddings!

Each experience with Billy & Friends has the same purpose, to provide a fun, heartfelt experience to each and every child. Our entertainers range from the silly, to the sweet and sincere, to the somewhat elegant, all the way to the hard to explain. We can plan and execute your entire event to match any décor or theme, including balloon and flower decoration, cakes and catering, or work with the plans you've already made.

Here are a few of our Friends: Clowns, Mascot Characters, Face Painters, Pirates, Musicians (silly or serious), Caricature Artists and DJs. And, just some of what we do: Tea Parties, Birthdays, Spa or Runway Parties and Balloon Artistry.

*At Billy & Friends we just like to have a good time and be silly.*
