Looking for some adventure? **It Adventure Ropes Course** is located inside Jordan's Furniture and is the world's largest indoor adventure ropes course. **It** has over 150 different activities to experience in the air. Walk across ropes, balance on beams and Zip 50 feet in the air across Liquid Fire, a water show with over 1,000 water nozzles choreographed to the state-of-the-art music and lights.

For the younger adventurer, who is under 48-inches tall, there's Little **It**. Using the same safety technology as **It**, Little **It** shrinks the activities to proportionally fit children, so they are 32-inches off the ground.

The best part is that Birthday Party Packages are now available! All birthday parties, or other large events, require two weeks of advanced noticed in order to qualify for discounted pricing. Please inquire through the group sales form at www.itatjordans.com/groups. They look forward to hosting your group's adventure soon!
