Katherine Perry, videographer of **Perry Productions**, is offering **Make-A-Movie** parties for children ages 7 and up. She supplies the costumes, props, improvisational direction and videotaping — you bring the talented actors! Try one of these fun events or try your own theme:

Action Adventure Movie: Go around the world in search of adventure.

Detective Story: Become the greatest detective to solve a mystery!

Science Fiction Movie: Can an intergalactic battle be resolved and peace returned to the universe? Only your birthday child knows the answer!

Rock Video Awards: Your birthday child hosts the rock video music awards as videos of everyone's favorite songs are made.

The Wacky News: Your birthday child anchors a news program while guests create their own news stories.

All acting is improvised on the spot, so no one has to memorize lots of dialogue. The tape runs 10 minutes and can be watched while the children eat cake! Call today for more information.
